

JOB OPPORTUNITY

Certified Backflow Assembly Testers (BATs)

Porch Butlers is a local, family-owned home services company building a more organized and tester-friendly backflow testing operation.

Seeking certified BATs for residential and light commercial backflow testing throughout **Seattle, Eastside, and North Seattle.**

Why Join Porch Butlers

- **Flexible scheduling** and independent field work
- Residential work is often accessible without homeowner interaction
- We handle scheduling, reminders, and customer communication
- **Focus on your craft** - we manage the logistics

Compensation

- Starting compensation begins at **\$20+ per completed residential test**
- Efficient scheduling supports stronger daily earning potential
- Additional incentives available for reliable, high-performing testers

Requirements

- Current Washington State **BAT Certification**
- Reliable transportation
- Professional, dependable, and detail-oriented

Service Area
