

WOW 2026 Water Track Sessions (Approved for Waterworks CEU)

Note: changes to the final schedule may occur due to unexpected circumstances, illness, etc.

Morning Intensive Workshops					
3/24/2026	8:30-11:45 AM	0.3	Hydraulic Control Valve Basics	Patrick Miller Ray Velasquez	Cimco-GC Systems
3/24/2026	8:30-11:45 AM	0.3	Asbestos Cement Refresher	Brad Dupleich	WETRC

Date	Time	CEU	Water Track Session Title	Speaker	Speaker Company
3/24/2026	1:00 PM	0.1	Water/Wastewater Innovation & Changes: 1972-2022	Monte Brachmann	Retired, Keynote Speaker
3/24/2026	2:15 PM	0.1	Waterworks Operator Certification: What's New & What's Not	Megan Brech Nicolette Peterson	Washington Certification Services
3/24/2026	3:30 PM	0.1	Reagentless Chlorine Simplified	Frank Spevak	Rosemount
3/24/2026	6:00 PM	0.1	Last Operator Standing	Jessica Butterfield	WETRC
3/25/2026	7:30 AM	0.1	Confidence Testing Private Fire Hydrants	Mark Combs	WETRC
3/25/2026	9:00 AM	0.1	Choosing the Right Water Meter System	Micah Rayburn	Consolidated Supply
3/25/2026	10:15 AM	0.1	AMR/AMI Conversion	Jonathan Jorgensen	HD Fowler
3/25/2026	11:30 AM	0.1	Ultra Sonic Water Meter Technology	Mark Hoffman	Correct Equipment
3/25/2026	1:45 PM	0.1	Chemical Feed Lines Replacement - Green River Filtration Facility	Gary Fox, PE, WTOP4	Tacoma Public Utilities
3/25/2026	3:00 PM	0.1	Flow-Through Fire Systems, Water Quality, and the Water Purveyor	Scott Hallenberg	Tacoma Water
3/25/2026	4:15 PM	0.1	Buried Truths: Pipe Condition Assessment for Your Water Systems	Patrick Miller	Cimco-GC Systems
3/26/2026	7:30 AM	0.1	Reducing Frustration: 6 Key Features of Pressure Reducing Stations	Patrick Miller	Cimco-GC Systems
3/26/2026	9:00 AM	0.1	Department of Health Update	William Bernier	Washington State DOH
3/26/2026	10:15 AM	0.1	Funding and Free Technical Assistance for Group A Water Systems	Jocelyne Gray	Washington State DOH
3/26/2026	11:30 AM	0.1	PFAS in the PNW - Design Lessons and Community Considerations	Tyler Kane	Carollo Engineers

WOW 2026 Dual Track Sessions (Approved for Waterworks AND Wastewater CEU)

Note: changes to the final schedule may occur due to unexpected circumstances, illness, etc.

Morning Intensive Workshops					
3/24/2026	8:30-11:45 AM	0.3	Hydraulic Control Valve Basics	Patrick Miller Ray Velasquez	Cimco-GC Systems
3/24/2026	8:30-11:45 AM	0.3	Asbestos Cement Refresher	Brad Dupleich	WETRC

Date	Time	CEU	Dual Track Session Title	Speaker	Speaker Company
3/24/2026	1:00 PM	0.1	Water/Wastewater Innovation & Changes: 1972-2022	Monte Brachmann	Retired, Keynote Speaker
3/24/2026	2:15 PM	0.1	TBD	Jeff Marrs	City of Everett
3/24/2026	3:30 PM	0.1	Do We Really Need That? Metering Pumps, Skids, Panels & Accessories	Jeff Harmon	TMG Services
3/24/2026	6:00 PM	0.1	Last Operator Standing	Jessica Butterfield	WETRC
3/25/2026	7:30 AM	0.1	Online Ph 101	Frank Spevak	Rosemount
3/25/2026	9:00 AM	0.1	Leak Detection and Condition Assessment of Critical Pipeline Assets	Doug McClintic	Xylem, Inc.
3/25/2026	10:15 AM	0.1	Operator Testimonial, A Primer and Map for Operators, Admins, PW Directors and Appointed and Elected Officials	Casey K. Mullins Shane Cooper	WA State DOE
3/25/2026	11:30 AM	0.1	On Site Generation	Bryce O'Neill	Xylem
3/25/2026	1:45 PM	0.1	Utilizing GIS to Make Efficient Daily Operation Decisions	Jon Davies and Dan Knight	BHC Consultants LLC
3/25/2026	3:00 PM	0.1	Cross Connection Control for Reclaimed Water	William Bernier	Washington State DOH
3/25/2026	4:15 PM	0.1	Securing What Matters: Practical Cyber Strategies for Water & Wastewater Operators	Josephine Hollandbeck	City of Everett PWU
3/26/2026	7:30 AM	0.1	Breakpoint Chlorination	Eric Shea	WETRC
3/26/2026	9:00 AM	0.1	Using Adenosine Triphosphate Testing to Monitoring Water Quality	Rasha Maal-Bared, PhD.	CDM Smith
3/26/2026	10:15 AM	0.1	All You Need to Know About VFDs	Gil Ansart	Mitsubishi Electric Automation
3/26/2026	11:30 AM	0.1	Pathways to Operations: Elevate Your License, Make More Money	Camellia McCool, Jeremy Carnahan, Jeff Marrs	Jacobs City of Sumner City of Everett

WOW 2026 Wastewater Track Sessions (Approved for Wastewater CEU)

Note: changes to the final schedule may occur due to unexpected circumstances, illness, etc.

Morning Intensive Workshops					
3/24/2026	8:30-11:45 AM	0.3	Hydraulic Control Valve Basics	Patrick Miller Ray Velasquez	Cimco-GC Systems
3/24/2026	8:30-11:45 AM	0.3	Asbestos Cement Refresher	Brad Dupleich	WETRC

Date	Time	CEU	Wastewater Track Session Title	Speaker	Speaker Company
3/24/2026	1:00 PM	0.1	Water/Wastewater Innovation & Changes: 1972-2022	Monte Brachmann	Retired, Keynote Speaker
3/24/2026	2:15 PM	0.1	Wastewater Microbiology 101: The Good, The Bad and The Ugly	Rasha Maal-Bared, PhD.	CDM Smith
3/24/2026	3:30 PM	0.1	Wastewater Operator Certification Program	Justin Thompson	Washington State DOE
3/24/2026	6:00 PM	0.1	Last Operator Standing	Jessica Butterfield	WETRC
3/25/2026	7:30 AM	0.1	Why Five Days? The Origins and Evolution of the BOD Method	Eric Shea	GRC-WETRC
3/25/2026	9:00 AM	0.1	Fugitive Methane Leak Detection for Enhanced Operator Safety	Shannon Cavanaugh, P.E.	Brown and Caldwell
3/25/2026	10:15 AM	0.1	Industrial Waste Cleaning Of Waste Water Treatment Plants	Steve Redford	FloHawks Industrial Cleaning
3/25/2026	11:30 AM	0.1	PFAS and Other Contaminants of Emerging Concern	Rasha Maal-Bared, PhD.	CDM Smith
3/25/2026	1:45 PM	0.1	Improving MBR Performance Through Densification	Daniel Coutts	Veolia Water Technologies
3/25/2026	3:00 PM	0.1	Biological Nutrient Removal Fundamentals	Shannon Cavanaugh, P.E.	Brown and Caldwell
3/25/2026	4:15 PM	0.1	Understanding Activated Sludge Microbiology to Optimize Process Operation	Rasha Maal-Bared, PhD.	CDM Smith
3/26/2026	7:30 AM	0.1	Municipal Wastewater Disinfection Efficiency Gains Using Peragreen® 26WW High Strength PAA	David Hird	Enviro Tech, an Arxada Company
3/26/2026	9:00 AM	0.1	Getting Ready for a Lab Audit	Ruth Powers-Piccone	WA Dept of Ecology
3/26/2026	10:15 AM	0.1	TBD	Kehinde Onibokun	City of Tacoma
3/26/2026	11:30 AM	0.1	Identifying Nutrient Reduction Strategies for Emerging Regulatory Compliance	Amara Cairns	HDR Inc.
