BAT Cert & Refresher class dates are posted/open for registration when WCS posts their exam dates, approximately 3 months ahead of schedule. So, for example, SEPTEMBER courses will open for registration sometime in June. WETRC does not know the specific date when exams will open, but it is generally done in the first half of the month. WETRC sends an email to our backflow students mailing list the day classes open. We recommend that if you are trying to get into a class, check our website frequently during the early part of the month until you see the classes post.
